

# NEW Hallam Planning Application

## Action Required!

Hallam have now submitted a NEW planning application for the Land North of the Hills, this time for up to 100 properties.

If you are against this development proposal, then you will be interested in the following:

- It is a **NEW APPLICATION**, not a revision to the previous one and therefore **NO PREVIOUS OBJECTIONS COUNT**
- If the number of objections to this application are significantly lower than the previous one, that could give Hallam “evidence” to point at to show they have addressed the residents’ concerns and we are no longer opposed to the development
- If you are against this development you must submit a **NEW OBJECTION**
- Deadline for submission of objections is **24<sup>th</sup> May 13.**
- Grimsargh Parish Council (GPC) will submit our objection to the development, focussing primarily on the “Area of Separation” – Policy 19 of the Central Lancashire Core Strategy – now fully adopted as of July 12.
- Every individual letter, email or on-line objection counts. Petitions do not count as multiples – nor do copied/identical letters – they only count as single submissions. There can be more than one submission per household

Further details, including how to object can be found via our website – see the “Latest News” and “Planning Matters” pages. Postal objections should quote planning application number 06/2013/0245 and be posted to: Planning department, Preston City Council, Town Hall, Lancaster Road, Preston, PR1 2RL

Please contact the Parish Council if you have any queries or need any assistance
